604-600-4132
Vancouver, BC

Summary

Passionate and driven Software Engineer, with extensive experience shipping and maintaining production applications used by millions of customers every month.

Experience

Engineering Manager

LOGO.com • Vancouver, BC

05/2018 - Present

Throughout LOGO.coms startup phase, I was responsible for designing, building, shipping, and monitoring countless novel systems.

As I gained experience and knowledge, I moved further into positions of leadership, building out our engineering team, mentoring and guiding our new hires, and working closely with large enterprise partners on integrations.

Skills

Leadership Experience, Fullstack Software Engineering, Software Design and Architecture

Education

Computer Science

Simon Fraser University • Burnaby, BC

12/2025

Computer Systems Technology

British Columbia Institute of Technology • Burnaby, BC
Graduated with distinction

05/2018
